

Regular sheet mask

Premium black mask

Peel-off mask

Sheet masks have their origins in South Korea, where these masks have been part of the beauty ritual for many years already. These masks have found their way to Europe and the rest of the world, and we cannot live without them anymore!

The Pastel Shop is a Korean company and has a lot of experience with face masks and skin care. The masks are manufactured using high-quality ingredients and innovative technologies, thus it provides functional effects on the skin.

REGULAR SHEET MASK

These masks are made of bamboo rayon material, so that the skin absorbs the active substances faster and penetrates deep into the skin. The mask is infused with 24ml of concentrated serum derived from natural ingredients, making these masks great for sensitive skin. The advantage of a sheet mask is that it does not dry out the skin but nourishes it by applying the mask with serum on the skin. Give your skin the full 20 minutes to soak in the serum for a long-lasting effect. A sheet mask moisturizes and nourishes the skin and helps prevent irritation.
